Applegate Pines Step 3 Approval

Planner Johnston reviewed a request from Westview Capital, LLC for final approval of the Applegate Pines site condominium, which was previously called Phase 2 of Applegate Woods. This project is located on a 15.50-acre parcel located east of South 10th Street and south of Texas Drive, contains 18 new single-family building sites and a private road. Each building site meets the frontage requirements and setbacks of the R-2 District, and sidewalks have been planned on both sides of the road and between building sites 11 and 12, which will connect this development with Applegate Woods. Outstanding items include utilities, sidewalks in front of common element (storm water basin), monuments, and a remaining escrow balance.

Kerr asked about a buffer between the storm water basin and Lot 18, as she felt the basin was too close to the lot line. Pat Flanagan, Civil Engineer at Ingersoll, Watson & McMachen, stated that part of the easterly bank was on Lot 18, but it was designed so that way so the water wouldn't collect on Lot 18. There is a 15-foot wide easement for that basin in the plan. Planner Johnston said that as a site condominium, the Planning Commission and Township Board have some power to ask for these types of adjustments if they desire. However, there was not consensus to add trees or a buffer as a requirement.

Motion by Loeks, seconded by Boven, motion carried, approve the Step 3 as-built plans and all associated site condominium documents for Applegate Pines and approve the deferment of sidewalks in front of building sites for a two-year period, with the approval conditioned on items one through eight in the packet being completed.

Establish Hiring Committee for Planner/Zoning Administrator Position

Superintendent VanderWiere stated that 10 resumes have been received for the position with a varying level of experience between the candidates. Before interviewing candidates, a hiring committee needs to be established.

Motion by Roberts, seconded by Mazer, motion carried, to establish a Hiring Committee of Trustee Kerr and Supervisor Loeks, in addition to Planning Commission Chairman Mike Corfman, Planning/Building Assistant Jennie Miller and Township Superintendent VanderWiere to review the resumes submitted and interview the qualified candidates and to make a recommendation to the Township Board.

105 Design Work for the Splash Pad Project

106 As the Township has nearly met its fundraising goal for the Texas Drive Splash Pad project, Deputy
107 Superintendent Hovenkamp asked the Board to consider beginning the design portion of the project. She
108 presented a proposal from VIRIDIS Design Group, who has requested a NTE of \$36,067, which would
109 include design start to end of construction. This expenditure would come out of the \$541,000 budgeted
110 for the project.

111 Motion by Kerr, seconded by Loeks, motion carried, to authorize VIRIDIS Design Group to start the
112 design phase of the Maple Hill Splash Pad project with a NTE of \$36,067.00 for design and construction
113 administration.

115 Authorization to Post Full-Time Firefighter Position

118 then performing interviews on selected candidates, conducting physical agility testing, background
119 investigations, drug screening and medical clearances. The intended start date for the position would be

123
124 Approve Promotion of Firefighter Whately to Equipment Operator (EO)

128 and will serve the citizens well.

129 Motion by Roberts, seconded by Mazer, motion carried, to approve the promotion of James Whately
130 to the rank of Equipment Operator

131
132 Authorization to Hire Robert Somers as Backup Plumbing Inspector

133 Superintendent VanderWiere asked the Board to consider hiring a backup plumbing inspector to
134 conduct plumbing inspections when John Dobberteen is out sick or on vacation. She shared Robert
135 Somers' resume and qualifications with the Board. He works with Mr. Dobberteen in other jurisdictions
136 and is licensed as a Plumbing Inspector and Plumbing Plan Reviewer in the state of Michigan, though he
137 resides in Indiana. Rich McGrew, Building Official, has met with Mr. Somers to discuss the position and

139 Motion by Loeks, seconded by Boven, motion carried, to approve the hiring of Robert Somers as the
140 Backup Plumbing Inspector to be utilized when Mr. Dobberteen is sick or on vacation.
