G. SPLASH PAD FUNDRAISINGK UPTTE & LOCATION SELECTION

Deputy Superintendent Hovenkamp stated the fundraising goal was met although one of the pledges was verbal and not a formal commitment. The Committee reviewed placement options and the information provided by Ms. Keala concerning proximity to playground equipment. Members felt that the southern location, adjacent to the existing Pavilions, was the best option. The committee recommended moving the splash pad further to the southeast.

Deputy Superintendent Hovenkamp explained that funding did not include fencing and questioned if the committee felt there should be a theme. Suggestion was made that the theme could compliment the Sensory Garden or something to do with nature.

Motion by Whittaker, seconded by Keala, motion carried, to recommend the southeast placement of the Splash Pad, with an adjustment to increase distancing from the Pavilion.

H. 6th STREET RESTROOM BID SPEC & BID PROCESS

The 6th Street Park Restroom project site plan is scheduled for Planning Commission approval in February. The specifications came in \$96,000 over budget so design-built vs pre-engineered is being considered. Features included graffiti resistant exterior, drinking fountain with bottle filler, and changing stations in both the women's & men's restrooms.

I. FY 23 PARKS GRANT

The Committee made suggestion for grant applications. There was a strong feeling that any grant should be for the 6th Street Park to keep the momentum going i.e., pavilion, playground equipment, and expanded parking. At
