65 Bid Specs for 6<sup>th</sup> Street Park Restroom Project

66 Tim Britain with VIRIDIS Design Group presented the bid specs and process for the 6<sup>th</sup> Street Park  
67 Restroom Project. While the specs are for a premanufactured project, the plan is to bid the project as  
68 either pre-engineered or design/build to ensure a competitive bid process. The building includes durable  
69 and low-maintenance products and construction materials and meets ADA standards. The drain field and  
70 reserve drain field also engineered and part of the project. The anticipated timeline is to start advertising  
71 February 16 with a bid deadline and opening March 3 so that the Board can select a vendor at the March  
72 14 meeting.

73 Loeks asked to extend the deadline to submit bids by a week so they would be due March 10 to allow  
74 vendors more time to submit, as it's a busy time of year for scheduling.

75 Motion by Loeks, seconded by Boven, motion carried, to approve the 6th Street Restroom bid specs  
76 as presented and authorize administration to post and distribute, with bids due March 10<sup>th</sup> in lieu of  
77 March 3<sup>rd</sup> in the packet.

78  
79 MDNR Park Grant Funding for 2023

80 Deputy Superintendent Hovenkamp shared that grant applications for the next MDNR funding cycle  
81 is approaching for 2023 projects. VIRIDIS has capacity to work on a project application in time to submit  
82 for the deadline of April 1, 2022. The Parks & Trails Committee recommended focusing on the next  
83 phase of development at the 6<sup>th</sup> Street Park including the pavilion and a portion of either the playground  
84 area or parking lot. The Board discussed which projects would fall within scope of the grant and what  
85 would be most likely to be funded and felt that playground equipment and pavilion would likely be scored  
86 more favorably than a parking lot. The maximum award amount available is \$300,000 and requires a  
87 match from the Township.

88 Motion by Loeks, seconded by Beutel, motion carried, to pursue grant funding in the 2023 MDNR  
89 grant cycle and to authorize a NTE of \$2,000 with VIRIDIS Design Group for application development.

90  
91 Review and Approve Current Backup Inspectors List

92 Building Official McGrew asked the Board to consider updating the Township's current list of backup  
93 inspectors, as some have retired, are no longer licensed, or are unavailable. He recommended retaining  
94 Garrett Reitenour, Gary Heckman, John Dobberteen, Kevin Cardiff and Robert Somers and removing  
95 Adam Dahlgren, Chauncey Hackenberg, Kevin Cardiff, and Henry Jager.

96 Motion by Boven, seconded by Hammon, motion carried, to approve the updated inspector list and  
97 remove those as recommended by staff.

98  
99 Authoring Hiring Backup Building Inspector

100 Staff stated that Mr. William Wilcox has been Texas Township Electrical Inspector since February  
101 2020 and recently received his Building Inspector Certification as well. He has a history in construction

102 and has been working with Building Official McGrew the past few weeks to become comfortable with the  
103 Township's process for building inspections. If approved, he would primarily be utilized when Building  
104 Official McGrew is on vacation or sick but could also assist on Wednesdays during the busy season.

105 Motion by Roberts, seconded by Mazer, motion carried, to approve Mr. William Wilcox as a backup  
106 Building Inspector.

107  
108 Authorize Hiring Backup Electrical Inspector

109 Deputy Superintendent Hovenkamp explained that Ronald Searles currently works for the City of  
110 Portage as an Electrical Inspector and has some capacity to assist Texas Township as a Backup  
111 Electrical Inspector. He was a Master Electrician in 2004-2015 and also teaches at KVCC and GRCC on  
112 electrical theory.

113 Motion by Kerr, seconded by Boven, motion carried, to approve Mr. Ronald Searles as a backup  
114 Electrical Inspector.

115  
116 BS&A Proposal for Building.NET Configuration Work

117 BS&A is recommending some overhaul changes to the Township's Building.NET permit database to  
118 improve the process for online permit submittals, as well as reporting and tracking capabilities. It  
119 estimates that the work will require six days to configure in April to be fully implemented by May 1 before  
120 the start of heavy construction season. The cost of the proposal is \$7,365 for the configurations but  
121 should ultimately increase online submittals and improve workflows for staff.

122 Motion by Hammon, seconded by Kerr, motion carried, to approve the proposal from BS&A to assist  
123 with reconfiguring the permit database for improved workflows, data capture, and reporting.

124  
125 2022 Road Projects

126 Supervisor Loeks stated that the Road Committee met to review 2022 road projects and shared their  
127 recommended list of projects. As HMA prices will remain steady through next year, the 2022 projects are  
128 heavy on HMA Overlay projects to take advantage of that pricing, anticipating a 20-30% increase the  
129 following year. The Road Committee recommended HMA Base and Surface Paving on Eagle Lake Drive;  
130 HMA Overlay on Queen Victoria Lane (Veronica to 12th Street), R Avenue (6th to 12th Street) RS  
131 Avenue (VanKal Street to 2nd Street), Vail Drive (Corners Cove to Aspen), Canyon Drive (Vail Drive to  
132 Inverness Drive), Aspen Lane (Vail Drive to Inverness Drive), Inverness Drive (Canyon Drive to 8th  
133 Street); and Chip Seal/Fog Seal/ Some Crack Fill on Dustin Circle (P Avenue to Terrier Trail), Terrier  
134 Trail, Fountain Square Drive (Misty Creek Drive to N of Carol Lynn Drive), Carol Lynn Drive.

135 Motion by Boven, seconded by Hammon, to approve the above listed road projects for 2022 and  
136 authorize Superintendent VanderWiere to sign the contract.

137  
138 Approve Hiring of Deputy Treasurer

139 Deputy Superintendent Hovenkamp and Treasurer Roberts interviewed three candidates for the  
140 Deputy Treasurer position and would like to recommend hiring Emily Meinema. She has several years of  
141 experience working at the Kalamazoo County Treasurer's Office and came highly recommended by her  
142 previous supervisors. She has completed the background investigation as well and is available to start  
143 on February 22. With her experience, they recommended compensating at \$22.50 per hour, plus the  
144 \$5,000 annual deputy stipend.

145 Motion by Roberts, seconded by Mazer, to authorize the hiring of Emily Meinema at an hourly wage  
146 of \$22.50 per hour with an annual stipend of \$5,000 for serving as the Deputy Treasurer.

147  
148 Approve Posting Temporary Office Assistant Position

149 Deputy Superintendent Hovenkamp asked for authorization to post a Temporary Office Assistant  
150 position to provide clerical support during an upcoming extended medical leave.

151 Motion by Kerr, seconded by Boven, to authorize posting a Temporary Office Assistant position with  
152 an hourly wage of \$15-17.50, depending on qualifications.

153  
154 Executive Search Proposal

155 Deputy Superintendent Hovenkamp explained that the Planning/Zoning Administrator Interview  
156 Committee felt that the candidates interviewed were not an ideal fit for the current needs of the  
157 Township. The Board had previously discussed when the position and posting were approved that in the  
158 current marketplace, it may be advantageous to hire a company to do an executive search.

159 Welsh and Associates is a local firm that has assisted the cities of Battle Creek and Kalamazoo with  
160 executive searches and comes highly recommended. They provided a proposal, which was shared with  
161 the Board, and the cost is 25% of the first year's gross compensation for the hired candidate. On  
162 average, they successfully locate candidates in six to eight weeks.

163 Motion by Beutel, seconded by Kerr, to accept the proposal from Welsh and Associates to provide  
164 Executive Search services to locate qualified candidates for our Planning/Zoning Administrator Position.

176 **BOARD MEMBER COMMENTS**

177 Treasurer Roberts stated that the office was very busy today with it being the last day of tax season.  
178 There are still about 300 (\$1.7 million) payments left to collect, and anything in the dropbox at 8 a.m.  
179 tomorrow morning will be considered on time. She thanked the office support staff who collected 313  
180 payments today. She also commented on that she feels an independent party needs to review the Fire  
181 Department.

182 Trustee Hammon shared that her mother came to the US in the late 40s as Jewish refugees from  
183 Hitler Germany knowing they would be safe here, as they were not in Europe. Now, with anti-Semitic  
184 incidents and hate crimes are at an all-time high, she wanted the people of Texas Township to know they  
185 are safe here and asked the Board to consider passing a resolution that bigotry and hate crimes against  
186 any religious, ethnic or racial group will not be tolerated here.

187 Clerk Beutel expressed support for Trustee Hammon's resolution and also asked for an external  
188 review of the Fire Department.

189 Trustee Boven also stated he wants an outside, independent look at the Fire Department, the quicker  
190 the better. He also thanked Supervisor Loeks for his work on the road projects.

191 Trustee Kerr asked to add Trustee Hammon's resolution to the next agenda and echoed the need for

193 Supervisor Loeks agreed that an external review was needed.
