

CHARTER TOWNSHIP OF TEXAS BOARD MEETING, FEBRUARY 28, 2022

COMMITTEE OF THE WHOLE

Supervisor Loeks commenced the Committee of the Whole at 5:00 p.m. The following board members were present: Trustee Don Boven, Trustee Barbara Hammon, Trustee Linda Kerr, Treasurer Trish Roberts, Supervisor Nick Loeks, and Clerk Emily Beutel. Absent was Trustee Wendy Mazer. Also attending were Superintendent Julie VanderWiere, Deputy Superintendent Brooke Hovenkamp, and Fire Chief Chad Tackett, and six members of the public.

Township Hall Update

Supervisor Loeks shared the most recent site plan layout from Progressive AE for the new Township Hall property, which incorporates some requested changes. The new plan includes roughly 1,400 square feet total with a large conference room near the Board Room for closed sessions that could also be used for absent voter counting boards during election season, as well as several additional offices. The plan also indicates areas that could be used for office expansion, if necessarily in the future.

2022 Community Events Pilot Program and Event Proposal

Deputy Superintendent Hovenkamp contacted the Kalamazoo Experiential Learning Center (KELC), who manages some events in downtown Kalamazoo, and is interested in helping the township kick off its community events pilot program. For a one-time pilot event like the township planned, KELC estimated a cost of \$2,500. Board members discussed a food truck rally, movie in the park, or concert in the park, as those were the preferred options from the community survey conducted. After some discussion, most Board members favored a concert in the park during the summer on a Sunday or a late Saturday afternoon, at Texas Drive Park. Hovenkamp will follow up to initiate the planning for this pilot event.

Presentation from Matt Callandar re: Ring Road Segment

Matt Callandar presented his concept for a development on the northeast corner of the Texas Corners DDA district. The parcel he recently purchased is approximately 10 acres, and he presented conceptual plans for what he considered to be the highest and best use for the parcel.

His plan incorporates a ring road segment to connect Q Avenue to Texas Drive with a mixed-use development incorporating apartments, townhouses, on-road parking, and cross-access to restaurants and commercial development located to the west of his parcel. Mr. Callandar presented to the DDA at its meeting the week prior as well, stating that he is open to the Road Commission of Kalamazoo County or the DDA taking over the road if either entity is willing and building to those specifications. He asked the Township to consider in sharing the cost of the ring road to build it to public road specifications and support the Township and DDA Master Plan.

Committee of the Whole adjourned at approximately 5:47 p.m.
