# Township Board Approves Conceptual Designs for New Parks

On February 8th, the Township Board approved two conceptual designs for a new park at our 6th Street property, and a redesign of the existing Texas Drive Park. The Parks and Trails Committee, along with a special Park Steering Committee and Viridis Design, have been diligently working on developing two family-friendly park designs that feature amenities such as a splash pad, paved walking/running trails, tennis and pickleball courts, sand volleyball courts, and much more.

Now that the plans have been approved, the next step is to secure funding for this project. The Township Board is currently working on a grant application for the splash pad that, if awarded, would assist with a large portion of the cost for this phase.

The Township Board has already received an overwhelming amount of positive community support, and are eager to hear from all residents on the conceptual designs. If you have any feedback, especially on which portion of the park(s) you'd like to see implemented first, please reach out to Superintendent Julie VanderWiere.

# Texas Township To Launch New Website

Over the past several months, our team has been working actively to develop a new website that will offer greater usability for our residents, provide new features, streamline communication processes, and will be mobile-friendly across smartphones and tablets. In addition to this change, we are also launching a new program to index meeting minutes and agendas. If you are interested in receiving email alerts when new minutes are posted, please contact Deputy Clerk Brooke Hovenkamp at [brookeh@texastownship.org](mailto:brookeh@texastownship.org) or at 269.375.1591.

# Assessor's Office - Parcel Reviews

Beginning in April, the Assessing Office will start reviewing 20% of our parcels. They do not need to enter anyone's home but will be measuring buildings and taking photos. By doing 20% each year, all of our records will have been reviewed over the next five years, which is a requirement of the State Tax Commission. Anyone in the field working on this review will have photo ID and all of the agencies (Sheriff's Dept. & Township Office) will be aware of the identity of these individuals, their automobile make & plate number.

# Address Signs

Emergency Services such as the Fire Department, Ambulances, and Sherriff's Dept. rely heavily on address signs to quickly locate properties in an emergency. As such, Texas Township requires Premises Identification as part of the International Property Maintenance Code (Section 304.3). The Code states: *Buildings shall have approved address numbers placed in a position to be plainly legible and visible from the street or road fronting the property.* Green reflective address signs can be purchased from the Texas Township Fire Department for only \$20 or at most hardware stores. To purchase an address sign, please submit an Address Sign Form (available online or at the Township Office) and payment to:
