

## Tree and Bench Dedication Policy

Adopted 07.13.2020

### **Purpose**

This policy provides the opportunity for residents to honor, celebrate or recognize a special occasion or individual by dedicating a tree or bench in Texas Charter Township. Additionally, the dedication of trees and benches helps enhance and beautify Texas Township's parks while helping to meet our vision of developing a premiere park, recreation and open space system.

### **Types of Dedications**

**Trees** – Donors may choose either 6th Street Park or Texas Drive Park with planting availability. Tree species can be selected from lists created for each park. A plaque with a custom inscription can be installed at the base of the tree when planted for additional fee.

**Benches** – Donors may choose any Township park in which benches have been identified as needed. A plaque with a custom inscription can be mounted on the bench for an additional fee.

### **Dedication Guidelines**

All dedications shall be in compliance with the following:

1. Dedications may be acknowledged by a custom plaque. The plaque is symbolic of the dedication and does not entitle the donor to ownership of the particular donated item. The Township will have final approval of commemorative plaque, style, and wording.
2. The dedication will be limited to the selected plant material, amenities, and locations consistent with Township landscape plans and standards. The donor, with approval and guidance from the designated Township Staff member, will select the park, tree species or bench from an approved list.
3. Dedication requests may be made at any time of year but planting time (likely in the spring or fall) will be determined by the Township based upon the best time to plant the particular species chosen.
4. The Township will take reasonable care to preserve newly planted trees. Donors must realize that there may be conditions beyond the Township's control that threaten plantings. Trees have limited life spans and are subject to natural disasters, vandalism, disease, and abuse. The Township will not replace a dedicated tree unless it dies within one year of installation.
5. The Township reserves the right to relocate or remove the tree, plaque, or bench to accommodate future development or changes in site conditions at any time. If a dedication needs to be removed or relocated the Township will contact the donor to discuss alternative locations. The Township will make the final determination.
6. The Township will not be held responsible for damaged plaques resulting from vandalism or any other condition or act that would require replacement. Plaque replacement or repair will be at the expense of the donor.

7. Complete funding for the donation must be processed before commencement of any work. The current donation levels are stated herein. These amounts will be subject to annual review and adjustment as needed.
8. A maximum of 4 lines permitted on plaque. Character size will not exceed 1/2 inch. Plaque size will be approximately 6" x 8" for tree donations and 2" x 8" for bench donation. Plaque language is subject to review and approval by the designated Township Staff member.
9. A ceremony or gathering at the time of dedication is permitted but must be arranged in advance with the Township and must be done in accordance with Township Ordinances. To ensure public use and safety, memorial wreaths, flowers or any other items placed for a private gathering or ceremony must be removed immediately following the dedication by the donor.
10. This policy does not supersede any regulations or ordinances of Texas Charter Township.
