Description of Work:

IV. Homeowner Affidavit

I hereby certify the mechanical work described on this permit application shall be installed in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Michigan Mechanical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Mechanical Inspector. I will cooperate with the Mechanical Inspector and assume the responsibility to arrange for necessary inspections.

V. Applicant Signature

Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subject to civil fines.

I _____ (name), _____ (title), attest that the statements, specifications, and plans submitted with this application are true and complete and contain a correct description of the building or structure, lot or parcel, or proposed work. I further attest that this application complies with the requirements of MCL 125.1510 and that I am a person authorized under MCL 125.1510(2) to make the statements and attestations contained in this application under MCL 125.1510(2).

Signature: _____

Date: _____

CONTRACTOR OR HOMEOWNER (Homeowner's signature indicates compliance with section IV):

VI. Fee Clarification

Item 2, Residential Heating System: This item is used for the installation of a heating system in a new residential structure. Items #7 Gas Piping and #9 Duct SHOULD NOT BE charged. Replacement systems should be itemized. Item #4, Residential Boiler: a residential boiler must be installed by a licensed boiler installer. Items #21 & #23, Tanks: A homeowner must own tank to install. If homeowner does not own tank, a licensed mechanical contractor must install tank.

VII. Fee Chart - Enter the number of items being installed, multiply by the unit price for totalfee.

39	Reinspection / On Site Consultation****	\$60.00 Ea.		
TOTAL FEE (Must include the \$60 application fee.)				

VIII. Supplement to Mechanical Permit Application

MECHANICAL PERMIT APPLICATION SUPPLEMENTAL

If an onsite consultation is requested before a permit has been issued, a \$60 cost of services rendered fee will be charged and will be paid prior to consultation.

Plans must be submitted with an Application for Plan Examination and the appropriate deposit before a permit can be issued, except as listed below. Plans are not required for the following project types:

- 1. One- and Two-family dwellings when the total building heating/cooling system input rating is 375,000 Btu's or less.
- 2. Alterations and repair work determined by the mechanical official to be of a minor nature.
- 3. Business, mercantile, and storage use group buildings having HVAC equipment only, with one fire area and not more than 3,500 square feet.
- 4. Work completed by a governmental subdivision or state agency costing less than \$15,000.00.

What is the building size in square footage?

What is the input rating of the heating system in this building?

Plans are required for all other building types and commercial projects and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature.

IX. Instructions for Completing Application

General: Mechanical work shall not be started until the permit for said work has been issued by the Texas Township Building Department. All installation shall be in conformance with the Michigan Mechanical Code. No work shall be concealed until it has been inspected. When ready for an inspection, call the Building Department at (269)978-0715 or email: jmiller@texastownship.org.

Expiration of Permit: a permit remains valid if work is progressing, and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within 180 days after issuance of the permit or if the authorized work is suspended or abandoned for a period of 180 days after the time of commencing the work. A PERMIT WILL BE CLOSED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN 180 DAYS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CLOSED PERMITS CANNOT BE REFUNDED.
